

Project Demo Planning

Date	5 July 2026
Team ID	SWTID-2026-4860
Project Name	EduGenie Google Gemini Powered Learning Assistant
Maximum Marks	5 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction	Introduce the project, team members, objectives, and problem statement.	3	Team Leader
2	Live Feature Demonstration	Demonstrate the core features including AI-powered chat assistance, personalized learning recommendations, quiz generation, content summarization, and chat history management.	10	Team Member 2
3	Technical Implementation	Present the project workflow, Google Gemini API integration, database design, and application modules.	5	Team Member 3
4	Results & Future Enhancements	Showcase project outcomes, benefits, limitations, and future scope.	3	Team Leader
5	Solution Overview	Explain the system architecture, technologies used, and Google Gemini AI integration.	4	Team Member 1
6	Conclusion & Q&A	Summarize the project and answer questions from the evaluation panel.	5	Entire Team

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Explain the educational challenges faced by students and the objectives of EduGenie.
2	Solution Overview	Present the system architecture, workflow, and technologies used, including Google Gemini AI.
3	Live Feature Demonstration	Demonstrate AI-powered question answering, personalized learning recommendations, quiz generation, content summarization, and chat history management.
4	Q&A Session	Answer questions from the evaluation panel and discuss future enhancements and project impact.
