

Team Involvement in Demonstration

Date	5 July 2024
Team ID	SWTID-2026-4860
Project Name	EduGenie Google Gemini Powered Learning Assistant
Maximum Marks	5 Mark

Team Involvement in Demonstration:

This document records the active participation and responsibilities of each team member during the demonstration of the EduGenie – Google Gemini Powered Learning Assistant project. It ensures that every member contributes effectively to the presentation and that responsibilities are distributed fairly and clearly.

S.No	Team Member Name	Role in Demo	Section Presented	Contribution Summary	Participation (Active / Passive)
1	Team Leader	Presenter & Coordinator	Introduction, Problem Statement, Conclusion	Coordinated the team, introduced the project, explained objectives, and handled the final discussion.	Active
2	Team Member 1	Technical Presenter	Solution Overview & System Architecture	Explained the project architecture, technology stack, and Google Gemini AI integration.	Active
3	Team Member 2	Feature Demonstrator	Live Feature Demonstration	Demonstrated AI chat, personalized learning, quiz generation, and content summarization.	Active
4	Team Member 3	Technical Demonstrator	Backend & API Integration	Explained backend implementation, API integration, database design, and system workflow.	Active
5	Team Member 4	Documentation Presenter	Results, Scalability & Future Scope	Presented project outcomes, documentation, scalability plan, and future enhancements.	Active
6	Team Member 5	Q&A Support	Q&A Support	Assisted in answering technical and functional questions from the evaluation panel and clarified implementation details.	Active

Team Coordination Notes:

Aspect	Details
--------	---------

Team Leader / Coordinator	Team Leader (Replace with actual team leader's name)
Overall Team Coordination Rating (1-5)	5/5
Any issues during demo	Minor network delay while accessing the Google Gemini API during the live demonstration.
How issues were resolved	The team used backup test data and screenshots while the connection was restored, then continued the live demonstration successfully.
