Project Name	EduGenie Google Gemini Powered Learning Assistant
Maximum Marks	2 Marks

Data Flow Diagram

The Data Flow Diagram (DFD) represents how data moves through the EduGenie Google Gemini Powered Learning Assistant. It shows the interaction between the user, the Google Gemini AI model, the FastAPI backend processes, and the database

DFD Symbol Legend

Symbol	Name	Description
Oval / Rounded shape	External Entity	A person, organization, or system outside the project that sends or receives data. (Example: User, Google Gemini API)
Rectangle with numbered header	Process	An activity that transforms incoming data into outgoing data. (Example: Validate User Input, Generate AI Response)
Rectangle (solid fill, no number)	Data Store	A place where data is held for later use. (Example: Interaction History, User Session Database)
Labeled arrow	Data Flow	Shows the movement of data between entities, processes, and data stores.

Example

The diagram below illustrates how the symbols above come together to form a complete data flow diagram.
