Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Example:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A student preparing for competitive exams.	Understand complex textbook concept and clear technical doubt instantly	Personal expert tutor are very expensive and not available 24/7	Standard books don't offer interactive and adaptive explanations.	Anxious and stuck during self-study hours.
