Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses. This helps the team build a customer-centric solution.

SAYS "Mujhe concepts ko jaldi samajhne me problem aati hai jab mai akele padhta hu." "Kya koi aisi AI hai jo textbook ki photos dekh kar doubts solve kar sake?" "Maaket me ache presnal tutors bohut zyada expenive hain."	THINKS •Kash koi aisa 24/7 assistant hota jo muje step-by-step guid karta. •Kya mai bina heavy fees diye exam crack kar paunga? •Muje apni weak areas ke upar zyada focus karne ki zaroorat hai.
